

Call for Participation

We invite you to join us in **15th International Conference on Embedded Systems and Applications (EMSA 2026)**.

The **15th International Conference on Embedded Systems and Applications (EMSA 2026)** serves as a premier global forum for presenting innovative advances, innovative research, and emerging developments in the rapidly evolving field of embedded systems. As embedded intelligence becomes the backbone of modern computing from autonomous vehicles and smart cities to edge AI and cyber physical systems EMSA 2026 brings together leading researchers, engineers, practitioners, and industry experts from around the world to exchange ideas, showcase breakthroughs, and shape the future of embedded technologies.

The scope of EMSA 2026 spans the full spectrum of embedded systems research, covering foundational architectures, real time and safety critical systems, embedded AI and TinyML, IoT and cyber physical systems, hardware/software co design, energy efficient platforms, and next generation intelligent edge computing.

Authors are invited to contribute high quality research papers, case studies, survey articles, and industrial experiences that demonstrate significant advances in embedded systems theory, design, implementation, and real world applications

Highlights of EMSA 2026 includes:

- 16th International Conference on Computer Science, Engineering and Applications (CCSEA 2026)
- 7th International Conference on Natural Language Computing and AI (NLCAI 2026)
- 15th International Conference on Cloud Computing: Services and Architecture (CLOUD 2026)
- 7th International Conference on Big Data and Machine Learning (BDML 2026)
- 12th International Conference on Signal and Image Processing (SIPRO 2026)
- 15th International Conference on Software Engineering and Applications (SEA 2026)
- 12th International Conference on Networks & Communications (NCOM 2026)
- 14th International Conference on Data Mining & Knowledge Management Process (DKMP 2026)
- 12th International Conference on Artificial Intelligence and Applications (AIFU 2026)
- 7th International Conference on Block chain and Internet of Things Applications (BIoT 2026)

Registration Participants

Non-Author / Co-Author / Simple Participants (No Paper)

100 EURO for Online (Without Proceedings)

490 EURO for Face to Face (With Proceedings)

Here's where you can reach us: emsa@sipro2026.org (or) emsaconfe@gmail.com
